

# Loreto Secondary School Clonmel

Coleville Road, Clonmel, Co. Tipperary

Thursday 18<sup>th</sup> November 2021

Dear Parents/Guardians of First Year Students,

We hope that you and all your family are well and that your daughter is beginning to settle into student life here in Loreto.

At this time of the year we usually invite First Year parents/guardians into school to learn more about all the school activities on offer for students and upcoming events. This meeting is a chance for you to meet with staff members that work with your daughter and also to meet parents/guardians of other First Year students.

Our plan was to hold this meeting "*in-person*" this year, but in light of the current circumstances we believe this is not advisable. We are very disappointed to have reached this decision, although we remain optimistic that we will meet you "*in-person*" later in the school year.

However, we believe strongly that a meeting would be beneficial, **so we would instead like to invite you to a short online meeting** (approximately 20 minutes) **next Thursday 25<sup>th</sup> November at 7pm**. This meeting will be conducted through your daughter's First Year Team in Office 365. Your daughter will be able to help you join this meeting as she has been working with Microsoft Teams this term.

This meeting will allow you to meet some of the staff who work with your daughter:

- Ms Anne Mc Grath                      Principal
- Ms Sarah Rice                          Deputy Principal
- Ms Niamh Barry                      Year Head with information on Extra-Curricular Activities
- Ms Enya Bourke                      Wellbeing Coordinator with information on Christmas Exams
- Mr Michael Quaney                  Information Technology (IT) Coordinator
- Ms Patricia O'Mahoney              Inclusion (Resource/learning support) Coordinator

We hope you can join us on the night and we look forward to seeing you then.

Yours faithfully,

Anne Mc Grath,  
Principal

Sarah Rice,  
Deputy Principal
